

## **Professional Staff Development**

The district believes that student achievement must drive all professional staff development efforts and that professional development is an indispensable part of overall school improvement. To support these beliefs, adequate resources shall be allocated, including people, time and facilities, to professional development that is effective.

The superintendent shall develop a professional development program that:

- is rigorous, results-based, data-driven and tied to student achievement.
- is ongoing and an integral part of each professional staff member's workday.
- uses a variety of approaches and professional development models.
- is collaborative, school-centered and involves teachers and administrators in its design.
- focuses on teachers as central to student learning, yet includes all other members of the school community.
- focuses on student learning.
- is rich in academic content, learning processes, current research, materials and technologies.
- uses the systematic study of student work to improve teaching and learning.
- occurs in environments of safety, trust and shared problem solving.
- promotes equity.

The professional development program shall be designed to support achievement of the district's educational objectives.

The superintendent may provide professional development through such means as the following:

- Planned inservice programs and workshops offered within the school system.
- Released time for visits to other classrooms and schools and for attendance at conferences, workshops and other professional meetings.
- Sabbaticals and other leaves of absence for advanced educational training.
- Salary credit for additional educational training in accordance with the salary schedule.

The superintendent shall evaluate the effectiveness of the professional development program on an on-going basis and modify the program accordingly.

Participation in the professional development program is required of teachers and administrators.
